

about vehicles that can run as high as \$10,000 in value and depriving that man the use of it without a trial for a period of a month, maybe six months if it gets into court until it's returned by the court. I think it's the most totally unreasonable passage in this bill that anyone could conceive of, to take a vehicle when a man is simply accused or suspected. I think when you think in terms of whether we're developing a police state where no one can disagree with a police officer, I think we're doing it with language like this in a bill. Sure, we have mostly fine people that are game wardens but if we get one that wants to be a high hat person, it gives him really the power of God over this situation when he deals with a suspected hunter. So read the language that we're striking. It says, shall take it. Thank you.

SENATOR MARVEL: Senator Koch, do you wish to be recognized?

CLERK: 25 ayes, 0 nays to cease debate, Mr. President.

SENATOR MARVEL: Okay, the motion carried. The Chair recognizes... Senator Koch. The Chair recognizes Senator Burrows for closing on his amendment. Senator Burrows.

SENATOR BURROWS: Mr. President, members of the body, I do wish you'll look at what we're doing. We're striking section five which does not authorize. It says the game warden shall take equipment used in violation of this act and this does not even mean the person is actually hunting at this point. They may be observing or transmitting information on the location of any game animal, any game bird, deer, etc. I think it's a totally unreasonable provision because this refers to equipment. It takes in the vehicle and it deprives the person of that equipment without hearing of the court which may be very expensive equipment for the time it takes to go through the court, is a totally unreasonable provision on this. I don't think it's in any way constitutional to take a vehicle that may be worth \$5,000 or \$10,000, take it away from a person just on a whim of a game warden who may be a very fine person and just but gives him the overhand which is totally unreasonable over any person he may just not like. Thank you. I move the amendment be adopted.

SENATOR MARVEL: The motion is on the Burrows amendment to 828. We're on Select File so we need twenty five votes. All those in favor vote aye. Opposed vote no. You're voting on the Burrows amendment to 828. Have you all voted? Senator Burrows.

SENATOR BURROWS: Looks like I'll have to ask for a Call of the House. I ask for a Call of the House.

SENATOR MARVEL: Okay, do you want to clear the board? The question is shall the House go under Call. All those in favor vote aye. Opposed vote no. Record.
